- All four steps of the application must be submitted for each individual in order to be considered. You will receive an "Application Complete" email from Camper Admissions **within 2-3 business days** of submitting the application. This email will indicate that the application is currently being processed by the medical team
- Due to the high quantity of applications being submitted, please give Camper Admissions 2-3 business days to sort through faxes/ emails (Example: Forms being sent in from medical providers) . If you do not receive this email within 2-3 business days, please ask your medical provider to re-fax the form
- **Decisions will be communicated to families one month prior to the arrival date. All applicants will receive a decision email of some kind.**
- Unfortunately, Victory Junction may not be able to accommodate all who apply to camp. While we would love to serve all applicants, we receive several applications for a limited number of slots to offer. If your camper is put on the waitlist, you will be notified if a camp opportunity becomes available. Please hold all calls/emails regarding the waitlist as we cannot tell you where your child is on the list.
- **This is an application process, acceptance is not guaranteed.**
