

Hello everyone! **Welcome to Operation: Let's Play.** I hope you are ready to **laugh and play** with us today as we do our best to **Go for the Gold** this week. This week's activity is a **pool noodle toss** to show off your ability to hit a target just like so many **Olympians**. I hope you are ready to give it your **best throw**.

## Safety Tips

While playing this game please make sure that the direction you are throwing is **clear of anything that might break**. Also, don't forget to ask **permission** before you set this up inside your home.

## Categories you could use:

- ▶ Pool Noodle
- ▶ Hula Hoop
- ▶ Tape
- ▶ String or yarn

## The Set-Up

To set this game up you will need to find an **open door way** or a **branch outside** that you can tie the **hula hoop** up to. If you are playing inside make sure to choose a doorway that **doesn't have anything** behind it. You will also likely need the **tape**

to hold the **string** up. Once you have your hula hoop or other targets hanging it's time to **test your skills**. To set up the second game shown in the **video** you will **cut holes** into pieces of paper and then hang them from a door way using the string and tape.

*Let's Play* **TOGETHER!**

Share photos and videos of your camp cheers, dance moves, games and crafts, using the hashtag #VJatHome

## Let's Play!

To play all you need to do is **step back** and give it your **best shot**. If it is proving to be challenging or easy from your distance than you can either **move closer or further away**. If you are wanting to make it **competitive** you can assign scores to **multiple targets** and see who can get **more points**.

## Challenges:

Here are a few ways that you can make this game more **challenging**

- ▶ **Move your throw line** back and make your shots from further away.
- ▶ **Change** what you are tossing or what your **target** is.
