# CAMP RECHARGE

## Independence for Campers. Rest for Families.

Victory Junction is launching something new – **Camp Recharge!**

During Camp Recharge programs, campers will attend camp **on their own**, allowing them to **build independence, connect with peers, and experience the joy of Camp** in a supportive environment.

At the same time, these programs are designed to give parents, guardians, caregivers, and families **a bit of respite**, so that you have time to **recharge** in whatever way best supports your family. Just like we do during our traditional summer camp programs, Victory Junction will provide **all medical and personal care** throughout your camper's stay.
