A FRIENDLY REMINDER:

All four steps of the application must be submitted for your child with a qualifying diagnosis. You will receive an "Application Complete" email from the Camp Recharge Team within 2-3 business days of submitting the application. This email will indicate that the application is currently being processed by the medical team.

Due to the high quantity of applications being submitted, please give the Camp Recharge Team 2-3 business days to sort through faxes/emails (Example: Forms being sent in from medical providers). If you do not receive this email within 2-3 business days, please ask your medical provider to re-fax the form

Decisions will be communicated to families about two months prior to arrival day for each session. All applicants will receive a decision email.

Unfortunately, Victory Junction may not be able to accommodate all who apply to camp. While we would love to serve all applicants, we receive several applications for a limited number of slots to offer. If your camper is put on the waitlist, you will be notified if a camp opportunity becomes available. Please hold all calls/emails regarding the waitlist as we cannot tell you where your child is on the list. This is an application process, acceptance is not guaranteed.
